Hotel Magellan Spa & Business Wolbórz

12-13 October 2016

DAY 1 | 12th of October 2016

08:30	Participants Registration Coffee Break Discussions in the Exhibition Zone
09:30	Welcome Panel
09:40	Experts Panel <i>Building Automation – A Connected Future, how will you position your Company?</i> Roger Woodward – Vice President and Managing Director, EMEA region of Tridium
10:20	GLOBAL CONTROL 5 <i>We set trends, which is why the world chooses us</i> Jakub Ćwiek – Sales Manager
11:00	WAGO ELWAG <i>flexROOM – comprehensive, energy-efficient solution for the automation of rooms</i> Wojciech Leciński – Building Management Techniques Market Manager
11:40	AMPIO SMART HOME <i>Ampio Smart Home – challenges and threats of the BMS technology in the construction of our times</i> Wojciech Michnowicz
12:20	Coffee Break Discussions in the Exhibition Zone
12:50	DISTECH CONTROLS <i>Internet of Things (IoT) solutions for efficient buildings</i> Krzysztof Jasiński – President of the Board
13:20	BELIMO <i>Digital control and wireless technology for peripheral BMS components in HVAC installations</i> mgr inż. Ryszard Buczek – Key Properties Manager
13:50	SIEMENS <i>Increasing the efficiency of buildings through the active involvement of users and operators</i> Dariusz Romejko – Product Manager: System building automation and building control Desigo from Siemens
14:20	Lunch
15:20	Coffee Break Discussions in the Exhibition Zone
15:40	APA GROUP <i>The shopping mall as a source of data analysis</i> Artur Pollak – President of the Board
16:10	Coffee Break Discussions in the Exhibition Zone
17:00	Team Building and Leisure Time
20:00	Dinner and Evening Full of Amusements

DAY 2 | 13th of October 2016

07:30	Breakfast Coffee Break Discussions in the Exhibition Zone
09:00	Experts Panel POLISH GREEN BUILDING COUNCIL – PLGBC <i>10 initiations of sustainable buildings</i> Ewa Kosmala – Member of the Board of PLGBC
09:40	Experts Panel AGH UNIVERSITY OF SCIENCE AND TECHNOLOGY IN CRACOW <i>The methodology for assessing the impact of BMS systems for energy efficiency in buildings, in the context of the PN-EN 15232 norm</i> Paweł Kwasnowski – Department of Electrotechnics, Automatics, Computer Science and Biomedical Engineering at AGH
10:20	Debate Impressive or effective? How BMS affect the energy efficiency of buildings? <ul style="list-style-type: none"> • Certification, standards, EU law – which aspects should be taken into account when selecting the BMS to achieve the energy efficiency of the building? • Whether and to what extent does the BMS affect the energy efficiency of buildings? • What additional functionality can be achieved by investing in the BMS? • What direct benefits will a property manager receive, and what benefits will a tenant receive? • When does the investment in the BMS system become profitable?
11:50	Coffee Break Discussions in the Exhibition Zone
12:20	ELMARK Automatyka <i>ICONICS Energy Smart Buildings</i> Marek Falkowski – Business Development Manager
12:40	ZDANIA <i>Innovative solutions in IBASe™ system as a result of participation of ZDANIA (LLP) in the implementation of the project within the POIG 1.4</i> dr inż. Grzegorz Hayduk Head of Research and Development at ZDANIA
13:10	Experts Panel SMW LEGAL <i>BMS in the green public orders – after a large amendment</i> Kamil Stolarski – Legal Counsel
13:40	Summary Panel
14:00	Lunch
